

SPACE AND SATELLITE INSURANCE

January - February 2010
Charles Clore House
17 Russell Square
London WC1B 5DR

The course addresses space and satellite insurance negotiation, management and implementation. Students will be shown best practices and methods to analyse insurance procedures and contracts, in order to build proficiency and competence in these areas.

The course will be taught by the Director and Faculty of the London Institute of Space Policy and Law. The Course will be intensively interactive. Teaching will be by lectures and seminars with a written exercise.

All sessions start at 9 am, with a 15 minute break mid-morning.
